1. **Review, discuss and make recommendations as necessary to the proposed Town of Lawrence Comprehensive Plan**

The Board reviewed the proposed Comprehensive Plan and made some changes to correct current information. It was suggested that a compost facility be added to the town's action plan. An update was recommended on the land use map to accommodate a request from town resident, Paul Krueger, owner of property on Hickory Road.

John Klasen stated the meeting would be an open forum to allow for any residents to speak on any issues in relation to the plan. There were eight residents in attendance.

Rick Turriff asked if the Town grows beyond the expectations, what happens to the Plan. Consultant, Bob Rudd, stated the Plan must be reevaluated in approximately five years to determine if the town is on target.

Diane Conway asked if there were many changes since the Steering Committee completed the plan. John Klasen stated the changes included only technicalities and a little movement on the land use based on landowner requests.

Mr. Rudd stated he will make the changes to the Plan and send the updates to the Town Hall. Another public hearing will be scheduled to allow any residents to speak on the proposed Plan.
